

enMotion® Water Resistant

Improved hygiene and designed for use in wet surroundings

Water resistant!

enMotion® Water Resistant Dispenser Blue

enMotion® 2 ply Blue Hand Towel Roll

NEW enMotion® Water Resistant Dispenser

Developed especially for the food preparation industry, this water resistant dispenser can be sprayed clean, combining improved hygiene with a simple loading system and a modern design.

- An ultra hygienic electronic dispenser that can be washed and hosed down.
- Especially suitable for the food preparation industry and kitchens.

NEW 2 ply Blue enMotion® Hand Towel Roll

- A soft blue paper towel roll suitable for use in the food preparation industry.
- Suitable for the new enMotion® water resistant dispenser and the classic enMotion® blue and white dispensers.

enMotion® Recessed

The ultimate in hygiene and space saving style for your hotel, restaurant or office

NEW enMotion® Recessed Stainless Steel Dispenser

The space-saving dispenser is now available in elegant stainless steel to suit any washroom. Whether built in or wall mounted, the new enMotion recessed stainless steel dispenser is ideal for:

- Office buildings
- Hotels
- Restaurants

enMotion® Recessed Stainless Steel Dispenser

NEW 2 ply enMotion® Recessed Hand Towel Roll

- Developed especially for use in the enMotion recessed stainless steel dispenser.
- Also with a new lotus flower embossing for improved comfort and absorption.

enMotion® 2 ply Recessed Hand Towel Roll

Build in our new stainless steel dispenser to create your own special environment...

For a more elegant solution, you can build in our new enMotion stainless steel dispenser so that it truly becomes part of your overall washroom design.

- Your visitors and guests will be impressed by the streamlined, contemporary design.
- The new recessed enMotion stainless steel dispenser provides an attractive, yet practical way to complement the look of your establishment.
- Minimise the risk of damage to your dispenser through rough handling and maximise the space available.

...with a range of accessories to match.

We offer a range of matching accessories for our new enMotion stainless steel dispenser:

- An optional recessed Backplate & Bin so you can build in the enMotion recessed dispenser. The combined hygienic backplate and high capacity bin reduces servicing and gives a gleaming, stylish effect.
- A stainless steel Wall Mount Kit is available where recessing is not an option.
- A specially designed AC Power Kit allows you to use mains electricity instead of batteries.

enMotion®

The leader in electronic hand towel dispensers

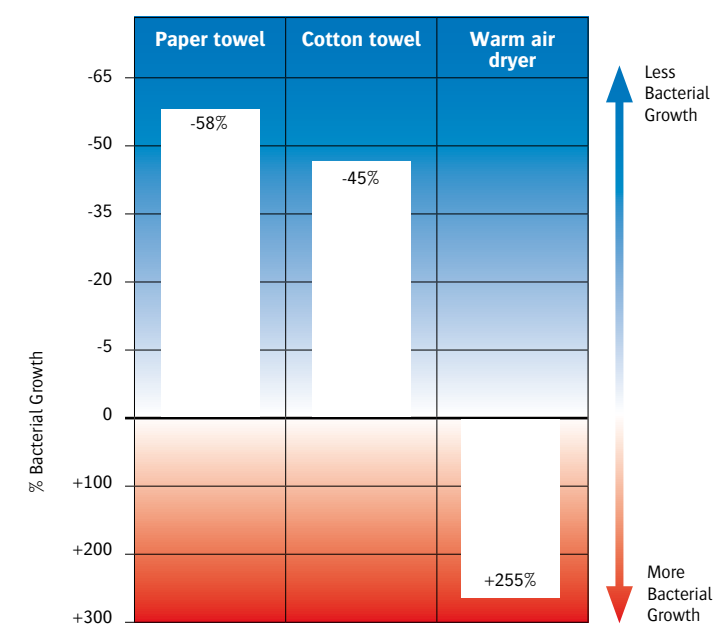

Paper Towels: the most hygienic solution

Improved health and hygiene with enMotion®

- Touchless dispensing creates a more hygienic environment.
- Individual towels minimise the risk of cross-contamination.
- Using paper towels reduces the presence of bacteria on hands.

Decrease and increase of bacteria per drying method*

Superior performance and convenience with enMotion®

- Avoids damage caused by pulling out towels or using the handle too violently.
- Simpler, so lower maintenance requirements.
- A faster, easier and more pleasant hand drying experience.

Lower costs and reduced waste with enMotion®

- Single sheet dispensing reduces unnecessary usage and refills.
- Programmable time delay between towel deliveries.
- Adjustable sheet length to suit your needs.

Enhanced image with enMotion®

- Touchless electronic dispenser adds a modern and stylish touch to your washroom or workplace.
- Choose from a range of colours, sizes and materials.
- Stylish, contemporary design to complement your brand and décor.
